CIRCULATION
LARGEST IN THE CITY.

Purely Business!
The columns of a newspaper represent a cash value. No publisher can afford to give advertising "outlets" free any more than a merchant can afford to give his goods free of charge. A newspaper is a business enterprise. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Call
Upon this *Register* for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,
celebrations, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., the *Register* will charge five cents a line, and hereafter this will be the invariable rate. This, however, is the minimum.

Does Not Include
Notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.
Misunderstandings are unpleasant. The rate for business notices in this *Register* is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A line is defined as a line of type in the paper. If you wish to insert a notice for two months—30 times—the bill is \$10. When he finds it out there is a "kick" and a controversy, followed probably by an angry feeling. Now, to obviate this trouble, the *Register* will accept a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

A NEVER-MIND FELLOW.
I never mind the weather—if it's springtime, may a tree Is shaking down its blossoms in a shower over me.

An I know the girls air glow where the honey-suckles grow, To pull myself together an' jest dream, an' dream, an' dream!

I never mind the weather—if it's summer, well, I see, To pull myself together an' jest dream, an' dream, an' dream!

Fortie roses roll around me in a perfect form o' sun, An' the good Lord runs the weather, an' it's all alike to me!

I never mind the weather—if it's winter, well, I see, To pull myself together an' jest dream, an' dream, an' dream!

An I know the kettle's steamin', and I know the kettle's steamin', and I know the kettle's steamin'.

An I see blue eyes a-beamin', an' I'm all at home at night.

Rev. Mr. Yonan Y. Arnsbach, a native of Persia, will preach in the First Presbyterian Church next Sabbath morning. Mr. Arnsbach was sent to this country by the American Missionaries in Persia in order that he might have a thorough preparation for the Gospel Ministry. He entered the Theological Seminary in Allegheny, Pa., four years ago. Having graduated from that institution, he was ordained a regular Minister of the Presbyterian Church by the Presbytery of Pittsburgh, Pa. He anticipates returning to Persia the coming fall. In order to supply himself with such books, as every Minister needs, he is occupying the mean time in visiting the churches, lecturing on the customs, manners and Missionary work of Persia and receiving such a contribution as his auditors are disposed to make. His lectures are spoken of as quite interesting by churches he has visited, and it is presumed that his lecture in the First Presbyterian Church next Sabbath morning will be equally interesting. At the conclusion of his lecture a voluntary free will offering will be made by the congregation.

Not So Sure Now.
Heretofore it has been the custom of Democrats nominees for the Legislature, who were "sure of election," to begin their seat in advance to select and reserve their seats in the House. Several have been nominated or assured of the Democratic nomination this year, but they have reserved no seats, all of which goes to show that they fear there might be something in the boast of the Republicans about possible Democratic defeat this year.

IMPORTANT QUESTION.
WHAT SHOULD BE THE ATTITUDE OF OUR CITIZENS TO THE Y. M. C. A.?

This is a very important question for consideration at the present time. It is generally known that several of our young men have formed themselves into a Union Young Men's Prayer-meeting, looking forward to the time when they might effect an organization for full Association work.

Through the kindness of a few friends and a small membership fee these young men have struggled along, keeping open a comfortable room and supplying it with good papers and books for more than a year. It is to their praise that they have stood what is known in Association circles as the "Prayer-meeting."

True, these Prayer-meetings have not been as largely attended as they should have been, yet we should not judge at all times from outward appearances, for no doubt there has been a quiet, steady work of grace going on in their own lives, to the praise and glory of God. They have had many difficulties to encounter, but possibly under the circumstances the visible results would have been much greater.

No organization can succeed without the moral support of the community; and, the more the Association is worthy of this support cannot be doubted. In other cities it has proved, by the wisdom of its management, by the conversion and development of young men, physically, socially, mentally and spiritually, that the Y. M. C. A. is not only a hearty support, financially and morally, of all who love God and humanity.

True, it has had many prejudices to contend with and overcome. It has been charged with usurping authority and taking the place of the Church, but it is distinctly understood that the Young Men's Christian Association is not a Church, is not a rival of the Church, nor is it an organization outside of the Church, but it is the Church at work, interdenominationally through her laymen, "by and for" young men. Nor is it a Club where young men meet simply to have a good time. True, there are many who are induced to become members of the Young Men's Christian Association by the pleasing room and gymnasium attractions, and possibly the majority of those using these privileges look upon the Association as a kind of Club with occasional religious meetings.

But all who are conversant with the work have no such opinion. They know that all secular agencies are used with a view to an end, and that is to give the young man a higher ideal of manhood and bring him in touch with Christianity.

What, then, should be our attitude to the Young Men's Christian Association? Shall it not be one of friendliness and cooperation? Shall not we who have sons and daughters, in whose welfare for time and eternity our hearts are bound up, come to the aid of these young men and recognize the importance of having fully equipped Young Men's Christian Association in our city? It would be an ornament, an honor and glory to us.

The cry comes up from the hearts of all. Ours is the young man of the state. Those who are struggling with sin in the world, Oh, save them before 'tis too late."

W. O. C.

Our text warns down in Taylor county must be cleaning up the earth and all the fullness thereof. If the following advertisement printed in The Campbellsville Times-Journal is believed: "I wish to borrow one million turkey gobblers to gobble cut worms. Hens not wanted unless they can gobble; no time for laying or setting or courting. I mean business. Breakfast, dinner and supper on the ground and more following. Three square meals a day and free land and ad libitum, a plurius unum. Care will be taken but no responsibility for bursted craws or gorged gizzards. A splendid opportunity for hustling turkeys. Eternal vigilance is the price of a corn crop this year. Sic semper extorcularum."

UNCLE SAM BROKE.
CALL MAY BE MADE FOR REFUNDING MANY MILLIONS LOANED YEARS AGO.

A very interesting question has been raised as to whether, in view of the depleted condition of the Treasury, the twenty-six states of the Union which in 1887 received from the General Government deposits amounting to over \$28,000,000, could not be made to refund. Early in 1888 Congress having refused to extend the charter of the Bank of the United States, found the Government in possession of between forty and fifty millions of dollars, for which it had no present need or suitable place for safe keeping. On June 23d of that year an act was passed authorizing the Secretary of the Treasury to deposit, under certain specified conditions, all of this money save \$5,000,000 with the states, on their assuming the obligation of payment on demand.

The sum of money which each of the twenty-six states received, as stated in several annual reports of the Secretary of the Treasury, seems to have been as follows (cents omitted):

New Hampshire	\$55,000
New York	600,000
Vermont	600,000
Massachusetts	1,200,000
Connecticut	750,000
Rhode Island	350,000
New Jersey	750,000
Ohio	2,000,000
Indiana	2,000,000
Illinois	475,000
Michigan	250,000
Iowa	250,000
Wisconsin	250,000
Minnesota	250,000
North Carolina	1,400,000
South Carolina	1,400,000
Georgia	1,000,000
Alabama	600,000
Louisiana	475,000
Mississippi	350,000
Tennessee	1,400,000
Pennsylvania	2,000,000
Missouri	350,000
Arkansas	250,000
Total	\$75,100,000

In his annual report for 1888 the United States Treasurer says: "That the 'debt' of the states for the repayment of \$25,101,625 may some day become available has ceased to be held."

It is a very singular fact that the records of the Treasury Department do not show that any demand has ever been made on the states for the repayment of this money. It seems to be the general opinion that if act of Congress would be necessary before steps could be taken to compel a repayment, but whether such an act will be passed through Congress is another question.

Just the Representatives of the twenty-six states in both Houses would be interested in its defeat.

THIS IS A PROGRESSIVE AGE!
New and Startling Discoveries are Made Daily.

The greatest discovery for sufferers of Catarrh, Hay Fever, Asthma is Maysville's Magnetic Catarrh Cure. Its wonderful cures since its discovery are known to thousands.

This great medicine was positively cured all forms of these terrible diseases.

It accomplishes what no other remedy has done, to simple a child can use it. No cure, no pay. One bottle will do the work and lasts for a three months treatment. Entirely new; no other remedy made like it. This is what the eminent Dr. Henry Carrington Alexander, D. D., LL. D., has said of its marvelous cure: "The Maysville Drug Co., Oakland, Md.—Gentlemen: I have used your famous catarrh remedy I have intended to give you a personal testimonial of its efficiency. I have a sufferer from nasal catarrh and post nasal catarrh, and the bone in my nose has been vitally changed in its shape."

After a trial of this good and indifferent remedy, I have no hesitation in pronouncing your Magnetic Catarrh Cure the most efficient remedy I have yet encountered. I wish to present your success in the effort to demonstrate the value of your next device in the way of a truly scientific and meritorious inhalant. You have made me
